

## **Concrete Repair Site Working Supervisor**

Location – UK wide

Salary - £40K+

Monday – Friday site hours

### **Overview:**

We are seeking a reliable and hardworking Concrete Repair Site Working Supervisor to join our team. This is a physically demanding role that requires attention to detail and the ability to work effectively as part of a team.

### **Responsibilities:**

- Day to day on site supervision of colleagues and sub-contractors for small to medium concrete repair schemes
- Assisting Contracts Manager with programme requirements to ensure projects are complete within timeframe.
- Maintain accurate records of project activities, including daily reports, work orders, and material usage
- Organising plant & materials.
- H&S checks, briefings etc.
- Cutting out defective concrete using grinders and handheld breakers
- Carry out concrete repairs using Sika, Fosroc, Weber or similar products
- Clean and maintain tools and equipment
- Follow safety protocols and maintain a safe work environment
- Work in accordance with method statements and risk assessments
- Work collaboratively with team members to complete projects on time

**Benefits** – Company Pension, Company Vehicle, Life Insurance, Holiday Pay, Bank Holidays, Corporate Clothing, Training.

### **Requirements:**

- CSCS card
- Experience of working on-site, in a supervisor capacity.
- Possess a conscientious and positive attitude to work.
- Willingness to attend training courses, as and when required.
- Willingness to travel and work away from home, as and when required.
- Possess a full, clean UK driving licence.
- SSSTS or SMSTS preferred but not essential as training can be given.

If you are a motivated individual with a passion for construction management and possess the required qualifications, we encourage you to apply for the position of Site Supervisor by emailing your CV to [recruitment@cemplas.co.uk](mailto:recruitment@cemplas.co.uk).
